#### CHIEF EXECUTIVE'S REPORT

Chief Executive Babb proposed tonight that we not segregate the Parks and Recreation Plan out of the Committee of the Whole Meeting Report tonight. He met with the Parks and Recreation Board last night and they have agreed to sit down with the council. Shelly Jones has sent out an e-mail asking if you could attend a meeting and go through the plan in more detail. There will be three meeting times set up. He recommended that they take a look at Chapter 4, pages 33-35. That will be the guide that will take any project. If it meets the goals and objectives and the vision of the Parks and Recreation Plan, they you could move on to the criteria and the implementation. He believes that is the most important

section. We will hold it in the Committee of the Whole Report and it give the council the opportunity to act on that at a later time.

Leadership Montana will be in Butte for the next couple of days at the Butte Plaza Inn at noon.

Yesterday there was an affair at the Montana Tech Campus for Veterans Appreciation Day. It was a chance to thank the Veterans and all they have done for our country.

Mitzi Rossillon, Board Member of CPR, came to the microphone and explained she was here to request Council's support in the form of a letter for stabilization at the Greek Café. CPR took on the project of finding suitable granting opportunities about three weeks ago. They found that the grants are scarce. There is a grant program that is available through the National Park Service called the Challenge Cost Share and it is for a maximum of #30,000. They decided to move forward with an application even though they knew the applications were due in Denver in paper form

tomorrow, February 19<sup>th</sup>. Bodett Construction has made a bid of \$9300.00. He gave them two options. The second and best option came to \$125,00.00 that included his cost for the specs and also for the actual construction work. When they were able to convince the National Park Service for a one day extension, they approached the URA about serving as a partner. She then called on Karen Byrnes, Director of the Community Development Department. Karen said the URA has been looking at the Greek Café for quite some time. We have tried to market this structure several times. It is overwhelming because of the state of the structure. She believes if we are able to secure the structure and stabilize it with a roof we will have very interested parties in re-developing this structure. She said a party that is very interested in the structure if it is stabilized gave her a drawing of what they would do with it. This is from Corey Brewing Co. He could not ask for a Developer's Packet in the state that is in. She said the URA is there to help with the cost.

It was moved by Commissioner Shaw, seconded by Commissioner Lee and carried with a verbal vote of 10 yeas and 2 nays to approve and support the Challenge Cost Share Grant that is going to be applied for and that we as a Council would approve and support this effort that is going to be happening and that we would sign a letter to that effect.
